To

HIS HIGHNESS THE MAHARAJA OF MYSORE.

The humble memorial of B.Narasimhalu Naidu, late Sanitary Overseer, Sanitary Board, Kolar Gold Fields, now residing in No. 79, Old Madras Road, Ulsoor, Civil and Military Station, Bangalore.

MOST respectfully sheweth:-

1. That your Highness' humble Memorialist was entertained as Sanitary Overseer of the Kolar Gold Field Sanitary Board on 12th February 1900 having been recommended by Dr. Darabseth, M.B.C.M., D.P.H., the Health Officer, and Mr. J.O'Shaughnessy Vice-President of the Civil and Military Station Municipality, in consideration of the efficient and satisfactory services rendered when employed in t Health Department of the said Municipality.

2. That from 12th February 1900 to 1st May 1903 your Highness' humble Memorialist worked under the said Sanitary Board as Sanitary Overseer, during that period your Highness' humble Memorialist worked to the entire satisfaction of his superiors and there was not a single occasion when he was either warned or censured for an dereliction of duty.

3. That on 1st May 1903 your Highness' humble Memorialist wa by order of the Vice-President compelled to resign his situation.

4. That the circumstances which led to his compulsory resign tion have been already stated in your Highness' humble Memorialist appeal to the General and Revenue Secretary to the Government of

your

your Highness forwarded through the said President with his letter No. 682, dated 12th February 1904 and your Highness' humble Memorialist begs leave to breifly summarise them here for your Highness' gracious perusal.

(i) That when your Highness' humble Memorialist was on duty at Muskum Cooly Colony on 23rd March 1903, the President of the Sanitary Board came to the spot for inspection and asked the Memorialist why he had not carried out the order issued by him on a previous occasion for the re-erection of the demolished huts with thatty walls

(ii) That Your Highness' humble Memorialist submitted that no such order was issued to him; that probably the President was under a mistaken impression and that the order might have been issued to one Gopalsawmy Naik, Contractor, who had already erected a sample hut under the President's orders.

(iii) That thereupon the President remarked that he had a good mind to dismiss your Highness' humble Memorialist and ordered him to go to his residence; and when your Highness' humble Memorialist went there in obedience to the orders the President again remarked "you have made me a liar in the presence of a gentleman and I have fined your ₹20/-"

5. That Your Highness' humble Memorialist reported the incidence of the day in his diary dated 23rd March 1903 and begged for instructions as to whether he was to carry out the orders of the President which he said he had issued before and also prayed that the fine of

₹ 20/- imposed upon him may be remitted, at the same time explaining that the construction of such huts or buildings was not generally carried out departmentally and it was therefore clear that the order of re-erection of demolished huts would not have been given to the humble Memorialist. If the order had been given as was alleged by the President your Highness' humble Memorialist would have at once applied to the Vice President for funds and had the work carried out departmentally, vide Memorialist's diary dated 23rd March 1903(copy enclosed)

6. That your Highness' humble Memorialist received no orders till 4th April 1904, when he received an order No. 473(copy annexed Appendix A) dispensing with your Highness' humble Memorialist's services without assigning any reasons therefor.

7. That your Highness humble Memorialist thereupon submitted to the President, through the Vice President, a petition dated 6th April 1903 (copy annexed Appendix B) praying that he may be reinstated in his appointment as he was guilty of no breach of duty or disobedience of orders. The Vice President submitted the said petition with letter No. 474 (copy annexed, Appendix C) remarking that your Highness' humble Memorialist had not worked satisfactorily that he had been under warning for the past 6 months and that in order to save the humiliation of dismissal he was advised to resign for which remarks your humble Memorialist begs to submit there is not the slightest justification as a reference to the previous records of his service will conclusively show and that instead of working

unsatisfactorily

superiors for the excellent and efficient manner in which he discharged his duties.

8. That on 16th April 1903 your Humble Memorialist received order No.490(Copy annexed, Appendix D) telling him that the order of dismissal would not be given effect to till 1st May 1903, and that in the interview if your humble Memorialist had tendered his resignation the same would be accepted and that the order of dismissal would be cancelled.

9. That Your Highness' humble Memorialist had under the circumstances, no other alternative but to submit his resignation on 28th April 1903(copy annexed, Appendix E) which was accepted on 29th April 1903, and your Highness humble Memorialist was relieved of his work on 1st May 1903.

10. That thereupon your Highness' humble Memorialist submitted an appeal to your Highness' Government through the President, Sanitary Board, detailing all the above circumstances and appending true copies of the certificates and references he received from his superiors. That during the pendency of this appeal your Highness' humble Memorialist received on 23rd March 1904(copy annexed) offering him Chief Rent Collector's place on $ 25/- a permanent appointment in the Sanitary Board in case he withdraw his appeal, but that your Highness' humble Memorialist declined to accept the said appointment.

11. That in the proceedings of the Government passed thereon

No.

No.28/L.F.69-02, dated 6th July 1904(copy annexed) it is remarked that "from a perusal of the records submitted by the President it is clear that Narasimhalu Naidu is unfit for the post of Sanitary Overseer but he seems to have done nothing to warrant his absolute dismissal. The President is therefore requested to find a more suitable place for him and communicate the purport of the order to the Petitioner."

12. That on receipt of the said orders Your Highness' humble Memorialist applied on 1st July 1904 to the Vice President praying that he may be supplied with a suitable appointment as per orders of Government.

13. That on 21st July 1904 your humble Memorialist received an endorsement from the Vice President No. 69 to the effect that there was no vacancy.

14. That your Highness' humble Memorialist renewed his application representing that he was in great distress as he had not the means to support himself and his large family asking the Vice President to give him his former appointment and that on 14th September 1904 your Highness' humble Memorialist received an endorsement No.196 (copy annexed) saying that the application was forwarded to the President with the remarks that the vacancy of Venkatramiah the deceased should be given to your Memorialist.

15. That on 28th September 1904 Your Highness' humble Memorialist sent a reminder to the Vice President and your humble Memorialist received an endorsement No. 226 dated 28th September 1904(copy annexed) to the effect that your humble Memorialist had better apply to

to the President direct and that he had done all he could.

16. That Your Highness' humble Memorialist thereupon forwarded the copy of this endorsement with an application on 3rd October 1904 to the President himself but your Highness' humble Memorialist has received a Memo No. 232-3(copy annexed) on 8th November 1904,after reminders both personally and by registered letters, offering him a temporary assistant Plague Inspector's post on a salary of ₹ 25/-

17. That your Highness' humble Memorialist begs to submit that this appointment could by no means be considered"more suitable appointment" considering that the appointment that he held originally carried a salary of ₹ 40 permanently.

18. That your Highness' humble Memorialist begs to represent that it is only his misfortune that he should have merited the remark that he is unfit for the post of Sanitary Overseer" after having served Your Highness' Government in that capacity from 12th ~~September~~ February. 1900 to May 1903, deligently, efficiently and honestly as your humble Memorialist's testimonials will show, particularly the certificate granted by Edward Fairman Esquire certificated Sanitary Inspector of the Kolar Gold Fields Sanitary Board (copy annexed) who was his immediate superior; that he should have been compelled to resign on very meagre grounds whereby he has been from 1st May 1903 up to the present date without an appointment of any kind that despite the fact that the Government have in their order No.28/L.F.69-02 asked the President to provide your humble Memorialist with a suitable appointment and that nothwithstanding the recommendation by the Vice

President

President that the vacancy of Venkataraniah deceased should be given to him. Your humble Memorialist has been left unprovided and that he and the large family dependent on him have been left at the mercy of the wide world to struggle for bare existence as best as they can by going from place to place relying on the bounty and kindness of his friends and relatives.

Your Highness humble Memorialist therefore most respectfully prays that your Highness may be pleased to call for all the records connected with his case as well as his service register and peruse them so that yourHighness may see how your Highness' humble Memorialist has been dealt with and that in fairness and justice to your humble Memorialist, your Highness may be pleased to reinstate him in his former appointment and remit him his fine of ₹20 For this act of mercy Your Highness' humble Memorialist will, as in duty bound, ever pray and feel grateful,

1. No. of staff on duty

One peon, 16 sweepers & one rubbish cart.

2. No. & names of villagers inspected & their condition.

Met the President at Muskem Cooly Colony while I was getting the lines &c., cleaned. The President after inspecting the lines said that I have not carried out his orders in getting the demolished huts erected with tatty walls just as the huts which have already been erected by the Contractor Gopaulsawmy Naik for pattern, which order I believe not been given to me. If that be so I would have carried out as is done regarding the wells and getting the huts repaired and cleaned by the occupiers. The President is at the impression that he gave this order when he last inspected the Colony with the Vice-President & the Civil Surgeon. Even the President has given such orders unfortunately I think I have not understood him. On representing the above circumstances he was very much annoyed & said that I was already dismissed, but he said that he has excused me and directed me to come & see him at his bungalow. Accordingly after seeing him at his bungalow passed orders to the effect that I have been fined half a month's pay and then I wastold to go. Above circumstances occurred during your absence, I have brought the same to your kind notice for favourable consideration. Now the President directed me to get the tatty walls & other work of the demolished huts done by any Contractor or in amanee. If it is to be done in amanee I require about Rs. 100 to be placed under my disposal and the Work Inspector may be directed to give me instructions to get the work done.

Read application dated 6—4—03, presented by Narasimhalu Naidu for reinstatement.

If your honour think that it is advisable to give the work for contract if permitted I shall ask Gopaulsawmy Naik or any other contractor to submit an estimate for the same.

Some of the inhabitants that were living in Lower-Muskem village were evacuated by the plague authorities and they were made to live in one of the blocks behind Sudras Colly Colony at your last inspection directed me to have the mud walls of the huts in which the inhabitants were living removed and to have tatty walls in view of the mud walls just as the six huts that are in existence at the block and also ~~the~~ to mark out sites for the inhabitants that are living in the huts by the said block. I have accordingly marked out sites for them and told them to come & erect huts with tatty walls and live there but they have taken no notice and state that they are very poor and not afford to erect huts with tatty walls and the others who have already erected huts with mud walls refuse to remove the mud walls and erect tatty walls and they also say if they are insisted to erect huts with tatty walls they would leave the place. The same is also brought to your kind notice for further instructions on the subject.

Most Respected Sir,

I beg to submit that I received yesterday your honor's order No. 473 dated 4th April 1903 dispensing with my services in the Sanitary Board, which order has greatly placed me in distress. My 5 years services under the Municipality C. & M. Station, Bangalore were taken over here on Rs. 40 a month on the organization of the Sanitary Board and I have since served for the past 3 years to the entire satisfaction of my superiors. I belong to the permanent staff and thinking that I could always earn my livelihood in Government Service I had given up all my lien on my former appointment in the British Service. Seeing the favourable remarks that was passed from time to time made in my diaries by my superiors I was anxiously waiting for a chance of promotion, when to my utter consternation I received an order of dismissal throwing me at large without any means of livelihood and without making me acquainted with the reasons for such dismissal. I have not intentionally offended or dissatisfied either by words or in action any of my superiors or if any have been dissatisfied either by words or in action any of my superiors or if any have been dissatisfied with me or with my duties I must say it is due to my ill fortune. I have always been and still ready to carry out all orders issued to me by my superiors to the best of my ability. I therefore most humbly pray that your honor will be graciously pleased to overlook my faults and reinstate me.

6th April 1903.

A good begining has been made in the matter of the sanitation, Conservancy, lighting and other useful municipal works.
